In the meantime I take the opportunity to give you a few other details.

Poster sessions are an important part of the Final Workshop of COST 539. Poster sessions are the ideal place for authors to share their research and ideas with others. **Posters** will be available for participants to **view for 2 days**. Authors are asked to **post posters** between **8:30 and 9:30 a.m. on Wednesday 28 October**. Each poster will be assigned a board and will be labelled with the paper number and the presenting author's name.

Two Poster Sessions will be held during the meeting from **14.30 to 16.00h** in the halls of the Building of the Mechanical Engineering Department (Building 22 of the University of Aveiro).

In the **first Poster Session** (Wednesday October 28) each author will be allocated **three minutes for an oral summary of the poster**. The **poster discussion will take place during the second Poster Session** (Thursday October 29). Authors are asked to stay near their poster during poster exhibition from 14.30 to 16.00h on Thursday October 29 in order to discuss their work.

A **poster contest** will take place during the meeting. The best 3 posters of the meeting will be awarded prizes by the Organizing Committee. The winning posters will be selected on the basis of the poster's technical content and presentation quality. Prizes will be awarded to the winners during the Official Dinner.

The final Workshop program will be ready by the end of September.
